

TRAINING DELIVERY & LOGISTICS

**Do hire the best instructors. Do train rapidly.
Do respond to new opportunities quickly.
But, don't break the bank doing it.**

Intrepid's Training Delivery and Logistics solutions scale to economically support business growth. Because as training needs increase, your costs and delivery times shouldn't escalate along with them.

WHAT YOU GET:

The precise support you need, when you need it.

Training Delivery Operations Management

- Schedule events and manage event logistics
- Allocate instructors
- Conduct forecast reporting

Instructor Sourcing and Management

- Recruit qualified instructors who fit your culture
- On-board new instructors
- Coach and manage instructors
- Facilitate HR, payroll, insurance and liabilities

Relationship Management

- Report on participant, business and service metrics
- Plan based on report results
- Share best practices and innovations

HOW YOU BENEFIT:

- Reduce fixed staffing and overhead costs
- Improve training quality and service levels
- Manage new hire growth to support increases in production, sales, etc.
- Access instructors with specialized skills on as-needed basis
- Enhance utilization of high-value Subject Matter Experts (SMEs)

Gain the peace of mind that comes with having 9,000 instructors at your fingertips and an experienced learning management partner in your corner.
